#### 1 PROJECT STATUS REPORT PURPOSE

This project Status Report is a document that will help to track down the changes of their documents, for further improvement of the project, report the status of their project to client, professors and whoever needs it.

#### 2 PROJECT STATUS REPORT TEMPLATE

### 2.1 Project Status Report Details

This project status report details focus and give details to the weekly status, requirements and deliverables of the team.

- On Progress
  - o Draft for Risk Management Plan
  - Draft for Quality Plan
  - o Draft for Change Management
- Risk Management Report Deploying Jasper report on the web application.
- Issues Report Jasper report having different Programming language making us a hard time deploying it in the system which respectively runs in PHP.
- Project Recommendations Advise from field experts or try some better report generating tools.

#### 2.2 Project Status Report Template

Project Name							
Prepared By: Date: Reporting Period: John Rafael Furuya 11/26/17 11/18/17 to 11/27/17							
Project Overall Status: Polishing the 70% requirement for the midterm but still need a lot of improvement.							
Project Summary:  The systems function is good, but still need a lot of improvement in terms of design and functionalities for better usage.							
Milestone Deliverables performance reporting over last period							
Milestone Deliverables	Due Date	% Completed	l Deliverab	le Status			
Milestone 1							

Retrieving data represented as graphs in Power BI	11/30/17	40%	[On Schedule]
Consultation with Project Adviser	1126//17	100%	[Ahead of Schedule]
Milestone 2			
70% System	10/26/17	100%	[On Schedule]

#### Milestone Deliverables scheduled for completion over next period

Milestone Deliverables	Due Date	% Completed	Deliverable Status
Milestone 1			
Draft for Quality Plan	12/04/17	40%	[On Schedule]
Draft for the Risk     Management Plan	12/04/17	60%	[On Schedule]
Embedding Power BI to Online site	12/07/17	20%	[On Schedule]
Milestone 2			
Final revisions for documents and proofread schedule	12/07/17	30%	[Ahead of Schedule]

#### Project impact of milestone success or failure for project remainder

Analyzing the detailed features of Power BI and full its full report generation feature.

#### **Project Budget/Financial Status**

Budget Item	Planned Budget	Actual Cost	Variance/Explanation
-			
-			

#### **Project Risk Management Status**

Risk and Description	Risk Chance	Risk Impact	Risk Priority	Change from Last Review
Transition of JavaScript framework (Angular2)	High	High	High	With the limitations of Yii framework, the team is looking at the implementation of Angular2. If the framework suits and meets the client

|--|

#### **Project Issue Management Status**

Issue and Description	Project Impact	Target Due Date	Issue Status	Issue Resolution
Merging the website interface to report generator	High	12/07/17	Open	This feature should fully be implemented to avoid its confusion to the user.

#### **Project Recommendations**

- Gather information about the new frameworks
- Crowd sourcing about the use of the frameworks
- Concise documentations that resembles the system.
- Improved designed for the report generator and website design

#### **Objectives for Next Project Status Review**

The group should focus more on developing the system. Much faster pace for development.
